Product Description

Immerse yourself in a miniature space full of peace and warmth with the Cozy Living Lounge miniature house and find complete comfort after a busy day. Rolife Cozy Living Lounge DIY plastic miniature house DW007 Rolife Cozy Living Lounge miniature house DW007 has been designed to create a charming miniature world that offers a cozy, comfortable and relaxing living room experience. This DIY miniature kit is characterised by a warm wooden-style design. The upright leather sofa in particular is perfect for having a laugh with the family or enjoying a cup of coffee on your own. The living room has well-designed bookshelves and storage cupboards that make the house look tidy. This is not just a miniature house to build yourself, but a warm place where you can escape the hustle and bustle of everyday life for a few hours and unwind. Build this cozy, warm house and share it and your unique building experience with your family. - Age: 8+- Material: ABS, PVC, paper- Assembly time: 60min- Assembled size: 163*163*152mm- Quantity: 114
