Product Description

Dinosaur Island - Rawr 'n Write-Dinosaur Island as Roll & Write- 1 - 4 players / ages 10+ - playing time approx. 30-45 minutes- the game is in German.A game by Brian Lewis, David McGregor and Marissa Misura - Artwork by Kwanchai Moriya and Andrew ThompsonThe first Roll & Write in the bustling Dinosaur Island setting brings together old Roll & Write hands, newcomers to the genre and dinosaur fans in general at the gaming table! Rawr 'n Write brings the full strategy game experience into a small Roll & Write box. It's a hearty, entertaining pastime that you can really get stuck into! First you choose dice, then you use them to perform various actions that benefit your park. This is followed by a fun polyomino puzzle in which you try to fit all the attractions and dinosaur enclosures into the small park area. Just like in Dinosaur Island, you breed dinosaurs, hire specialists and try to create the best possible dinosaur theme park (which is also reasonably safe).Each game offers different specialists to hire and different buildings to construct - ensuring a high level of replayability!
