Product Description

But with cream, please! - Expansion for: Kitchen Rush (DE), ages 8+

It wasn't long ago that the players bought an old restaurant and received their first guests. Their restaurant grew, more demanding guests came and they were able to hire more staff. Unfortunately, the success didn't last long and the restaurant became quiet. The number of guests decreased, temporary workers had to be made redundant and not all damage in the restaurant could be repaired. So the players decided that the restaurant needed a change. It is high time to add a pastry shop to the restaurant and serve up sweet desserts: tiramisu, crème brûlée and fancy sundae - but with cream, please!

The extension with cream, please! introduces a new type of purchase order. By taking advantage of additional promotions and using ingredients such as fruit, cream and ice cream, the players have to satisfy the demanding wishes of the guests. A specialist helps to carry out actions twice as successfully, but also needs more time to do so. If the players use their earned money for investments, these bring advantages in every shift. As in the base game, all new rules are conveyed over the course of several scenarios.

While the story begins after the end of the last Kitchen Rush scenario, players only need to know the rules of the first four scenarios in order to expand to play. Each of the seven new scenarios introduces new elements. Each group can decide for themselves whether they play the entire campaign or simply repeat the scenario that they enjoy most.

Warning! Not for children suitable for under 36 months. Legal minimum age: 8

- Players: For 2 to 4 players, ages 8+
- Duration: 30 to 50 minutes
