Product Description

Shadowrun: Phantome, hardcover (DE), ages 12+

Some are cautious, others chaotic. Some are new, some are ancient. Some are rational, inconsiderate, calculating, others have no reason and no limits. But they all operate in the shadows, they are all dangerous. And every runner should know about them.

Phantome is a source book for Shadowrun 6 that describes some of the largest and most influential organizations in the Sixth World. Organizations that runners will run into at least once in their lives: such as Ordo Maximus, Greenwar or Stark, Theissen and van der Mer. For the German edition, the book has also been expanded to include some groups from the ADL, such as the Siegfriedbund and the disciples of the Purifying Fire. Because the last thing a runner ever wants to be is: surprised.
