Product Description

New York - Extension for: Neuroshima Hex! 3.0 (DE), from 8 years

The patriots of a long forgotten time: New York is the last great bastion of the old world. A city behind a great wall, behind which one hopes and despairs in equal measure. New Yorkers want to see the old world shine again. Risen from the ashes, they want to rebuild their city, their state, and indeed the whole nation. As far as we know, New Yorkers are mankind's last hope. But what kind of hope is that? The city is a police state. A bulwark. A place where you pay your peace with your obedience.
