Product Description

Kribbeln Kurz-Knackig-Knifflig, dice game (DE), for 2 to 5 players, ages 8+

Who will solve the task and roll the most points? The new dice game "Tingling" is about completing the task at hand and achieving the highest possible dice total. The dice not only have the familiar numerical values from 1 to 6, but the sides also have different colors!

Who is a gamer and rolls the dice again even though he has already solved the task with the right colors? Then even more points could be tempting, but the task could also be completely screwed up! Every round all players have to complete the same tricky task. For example, to roll exactly one green die or the same number of yellow and blue dice.

Each player may roll the dice up to three times in his turn. Before each new attempt, it is necessary to decide again whether thrown dice are set aside, previously put away dice are added to the dice or not rolled at all. But be careful, all six dice must complete the current task! As soon as all lines of the scoring sheet have been filled in and scored, the game ends. The player with the highest total score wins the game! The games from the series The Fleet Little ones can be played quickly, are easy to understand and ideal for on the go. They are great to take with you to the next party or game night.

Caution: Not suitable for children under 36 months. Choking hazard due to small parts that may be swallowed.
