Product Description

Make 'n' Break Extreme '17 (DE), for 2 to 5 players, ages 8+

Make 'n' Break "is the classic game of skill, in which bold structures are pulled up under time pressure and knocked over again in no time. Ravensburger is now celebrating the next generation of tricky betting with the new edition of "Make' n 'Break Extreme". 160 new tasks and the fun cube, which is coming into play for the first time, make building even faster - and even more extreme! And if you like, you can play the popular classic variant at any time.

We build together - but only one player can win! The clock sets the pace. And it is incorruptible. While the timer is ticking mercilessly, spatial thinking and combination skills are required. The players learn to act dexterously under time pressure, to exchange ideas with one another and to keep a cool head even in the face of tricky construction tasks. The specifications provide 80 double-sided order cards with different levels of difficulty, which present even the most resourceful builders with real challenges. Because the enormous speed plays the main role in "Make' n 'Break Extreme" and ensures a high fun factor.

The fun cube, newly added to "Make' n 'Break Extreme", is responsible for sophisticated game variants. It can happen that a crazy building shape can only be built with one finger of both players. The unmistakable ticking of the timer makes the tension unbearable. And the next structure is already being piled up. Anyone who plays along here automatically trains their three-dimensional imagination and trains spatial thinking.

Caution: Not suitable for children under 36 months. Choking hazard due to small parts that may be swallowed.

- Players: For 2 - 5 players, ages 8+
- Playing time: 30 minutes
