Product Description

One Last Job - Softcover, 68 pages (DE Edition)

You haven't worked in a while, and most importantly, you haven't worked together in a very long time. Not after what happened. But now the old crew is back together and you have to sort of grab it. Are you sure you can still handle it?

One Last Job is a fast-paced role-playing game without a lot of preparation time. The players slip into the role of a crew that wants to know one last time. Play gangsters, thieves, hackers or adventurers and do the job like professionals. The highlight: The characters are created in the game. Whenever someone messes up, the other players remind them how much better they used to be and thus determine the characteristics of a character. One Last Job has various settings ready.

Part of Dungeon World.
