Product Description

About the origin of species - On a voyage of discovery with Charles Darwin (DE edition)

Board the HMS Beagle and follow Darwin's footsteps in the Galapagos Islands. About the Origin of Species is a board game full of adventures inspired by that fateful journey. Up to four naturalists can take turns exploring new islands and making exciting discoveries.

You collect knowledge about the different species and their habitats, research the stages of evolution and try to always be one step ahead of your fellow players in the battle for victory points. At the destination of the HMS Beagle's journey, it will show who has learned the most about the relentless mechanisms of evolution.

Warning! Not suitable for children under 36 months.

- Players: For 2 to 4 players, ages 9+
- Playing time: 45 to 75 minutes
