Product Description

Shadowrun: Neo Noir, softcover, from 12 years, (DE edition)

Blacker than the shadows

In a world controlled by mega-corporations, the rich and powerful decide what is law and what is law. But not everyone accepts their fate. Those who do not get answers to their pressing questions about justice sometimes turn to private investigators: hardened "snoopers" who do not allow themselves to be impressed by threats and violence in order to achieve their goal. And if you want to bring the truth to light, you sometimes have to descend into the shadows ...

Neo Noir is an in-house production by Pegasus Press and an anthology for Shadowrun 6 with three individual adventures. All adventures are completely ready-to-play, including floor plans and plans. In the footsteps of the great private investigators of the detective films, the runners in Neo Noir roam the ADL metroplexes. They solve murder cases, expose corporate intrigues and take revenge for past injustices.
