### Product Description

The airfield sparrow took a seat on the leaflet - The Tongue Twister Memo (DE edition)

A memo game full of tongue twisters and quick speakers - old and new! Selected and formulated by Moni Port and drawn with a lot of humor and attention to detail by Philip Waechter. It is not only important to find the right word-picture pairs, but also, if you want, to recite the tongue twisters captured as a pair in the game in a small group at a fast pace. The box looks like an aircraft hangar. In addition to the 48 cards that can be found in it, the game also offers a sparrow, airplane and leaflet made of thick cardboard, which can populate the runway (back of the instructions) and thus form the basis for other children's games.

Warning! Not suitable for children under 36 months.

- Players: For 2+ players, ages 6+
- Playing time: 20 minutes
