Product Description

Corrosion, board game, for 1-4 players, ages 12+ (DE edition)

Sounds of clinking metal and rattling machines in the steam-filled air. This is what makes players' entrepreneurial hearts beat faster. In Corrosion, they manage an old factory and set up varied production combinations. Your greatest threat is time because corrosion is the enemy of your machines. It is therefore their job to produce stainless chrome gears for high-performance chrome machines. In Corrosion, players discover temporary and long-term combinations for a balanced, efficient production and receive awards to outdo the other factory owners.

Corrosion is an innovative temporary engine builder of the extra class by game designer Stefan Bauer with atmospheric artwork by Dennis Lohausen. Experienced game and expert groups as well as solo players can expect a challenging gameplay that requires clever planning and sophisticated interaction. Changing starting conditions always open up new paths to victory.

Warning! Not suitable for children under 36 months. Legal minimum age: 12

- Number of players: 1-4
- Duration: 60-120 minutes
- Age: from 12 years
