Product Description

Games comic Noir: Lilly Van Helsing, hardcover, 104 pages (DE edition)

What to do when werewolves, vampires and other creatures are up to mischief at night? Clearly: the security company "Silent Night" has to send their expert Lilly Van Helsing! Use your abilities as a monster hunter to bring down horrific creatures, prove yourself brave and take care of the safety of your clients. It's up to you to stop the creatures of the night! Because here you are the hero or the heroine!

Lilly Van Helsing is another title in the Noir gaming comic series, which is darker and more direct than the other gaming comics. In the game comics, the player starts reading the comic from the beginning as normal. After a short time, a panel appears for the first time in which one or more numbers can be seen - in the text or somewhere on the picture. The player decides where he wants to continue reading and scrolls to the panel with the corresponding number. From then on, the story runs back and forth through the whole comic and the player decides again and again how to proceed.

Warning! Not suitable for children under 36 months.

- Number of players: 1
- Age: from 16 years
