Product Description

Happy Hopping, children's game, for 2-4 players, ages 6+ (EN, DE edition)

What a mess! In Happy Hopping the frogs jump back and forth through the pools! Everyone is on the hunt for the colorful mosquitoes. Which frogs catch the most?

Objective cards must be completed over the course of eight rounds to collect chips. There are speed laps in which speed is required and normal laps in which all frogs are allowed to jump once. If the lap goal is met, there are frog chips - and for the first few even a ladybug chip on top - which show mosquitoes in different colors on the back. After the last round, a scoring tile decides which mosquito color gives points in this game. Whoever has the most mosquitos of this color wins.

Happy Hopping cleverly integrates the box into the game and a jumping stick makes jumping easier.
