Product Description

Phase 10 Strategy, board game for 2 to 6 players, ages 7+ (DE edition)

When you move across the board you form the phases of the fields on which you land, every game is different! Phase 10 Strategy is played over several rounds in which the players in turn move their pieces across the board in such a way that they can form combinations of cards known as phases. The players have to plan their moves well, as they can only form a phase if their token is on the corresponding space. In addition, a player may only form one phase per round.

As soon as a player has played a complete phase and got rid of his remaining cards, the round ends. Then all players receive new cards and the next round begins. If you are the first to complete your tenth phase and then get rid of your remaining cards, you win! Each deck of cards contains wild cards that can add excitement and help players escape a tricky situation. Contains game board, 12 game pieces, 60 phase markers and 108 cards. For 2 to 6 players, ages 7+.

Warning! Not suitable for children under 36 months.

- Players: For 2 to 6 players, ages 7+
