Product Description

UNO Flip, card game for 2 to 10 players, ages 7+ (DE edition)

Flip the cards and change the game! The latest version of the classic UNO: UNO - FLIP! gives the well-known card game a new twist, with cards printed on both sides and a special FLIP card. This brings a breath of fresh air into the traditional game.

The players in turn place one of their hand cards on the discard pile so that it corresponds in number or color to the card on top. The aim is to discard the cards in hand as quickly as possible. Special cards such as suspend, return and color selection are used. UN - FLIP! also includes new action cards that bring movement into play, for example draw 5 or skip all. When the special FLIP card is played, all cards in the player's hand, the discard pile and the card pile may be turned over. So they show completely new numbers and colors. The player with the FLIP card decides whether the light or the dark side of the deck is played and when this needs to be changed again. If you have the right strategy and are the first to discard your cards, you win. If a player only has one card left, he must call UNO.

Warning! Not suitable for children under 36 months.
