Product Description

Crossed Signals, children's game for 1 to 4 players, ages 8+ (DE edition)

Children can interpret the light signals correctly or confuse it with the exciting electronic game Crossed Signals! Select one of 4 different game variants on the device. The players see the lights and have to react quickly! Is there an arrow? Then quickly move the stick in that direction. Can you see an "X"? Then quickly move the stick in the other direction. Are both arrows lit? Shake! Playable alone or with up to 3 friends.

With the help of light and voice commands, the Crossed Signals game challenges children to speed and accuracy - including a duel at the end of the game in which 2 players each take over a baton! The player with the highest score wins! Up to 4 players can take part in this wild game of light and action.

With Crossed Signals, active fun indoors or outdoors and on every occasion is guaranteed. Subject to deviations in color and design.

3 AAA alkaline batteries (LR03) required, not included.

Warning! Not suitable for children under 36 months.

- Players: For 1 - 4 players, ages 8+
