Product Description

Who can steal faster than the shadow? The entire crew is assembled to divide up the rich haul of gold, silver, jade, pearls and gemstones. But everyone wants to make the biggest haul and keep the treasures! This requires the right tactics and the luck of the dice. Two to six players aged eight and over take turns placing their treasure cards in the centre of the table. Now the person whose turn it is rolls 1-5 dice, depending on the number of cards on display that are to be collected. If the roll is successful, the treasures from the centre or those of the other players become their own. But be careful! The treasures are never safe from the others and can be stolen again straight away...Important notesWarning!Not suitable for children under 36 months.- Number of players: For 2 to 6 players aged 8 and over- Playing time: 25 minutes
