Product Description

Who can stack numbers the smartest? In the versatile dice game Upwards, the numbers fall into the grid! And if something doesn't fit, the numbers can be skillfully added or saved. The different scoring variants are always a challenge and the effects of the optional event dice provide even more excitement. Who stacks and scores the most cleverly? A must-have for your next game night! How to play: On your turn, roll the 3 number dice and all players enter the result on their sheet. The numbers are "dropped" into the columns from above and the highlight is that the numbers can be added or saved as required. Once a sheet is full, it's time for the points! Depending on the variant, these are awarded for rows, snakes or blocks of identical numbers. With the effects of the optional event dice, every game is even more fun! Important information Caution: Not suitable for children under 36 months. - Number of players: For 2 to 6 players aged 8 and over - Playing time: 20 minutes
