Product Description

Why do Viktor and Charlotte arrive at school too early despite their alarm clocks? Why is the orphan Gunda not enrolled in school? And why were three children punished because Taron took a selfie? These black stories junior bring together 50 new tricky puzzles for sharp-witted pupils - original and funny stories from the playground, the gym, the canteen or the classroom. The stories are taken from everyday school life in 2018 and could really have happened like this - contemporary and topical. By the way: all the stories and puzzles have been tested by schoolchildren and found to be good. So puzzle fun is guaranteed! How to play: black stories junior are exciting puzzle stories on cards that have to be solved together. Only the expedition leader knows the solution to the puzzle, as he/she reads the puzzle on the front aloud and is also allowed to study the solution on the back in detail. The adventurers now try to find the solution step by step by asking questions, guessing and puzzling. New game variant: One puzzle card is solved per game. Only the game master knows the solution and the guessing team approaches it step by step by asking questions, guessing and puzzling ... as usual! But watch out: Particularly clever questions that lead to a hot clue are rewarded with point chips. The guessing fox who solves the puzzle receives an additional 3 point chips. Whoever has collected the most scoring chips at the end of the game wins! - Number of players: For 2+ players aged 8+ - Playing time: 15 minutes
