## Product Description

Are these colourful cactus flowers beautiful! The front of the playing cards shows cacti with different numbers of flowers. Two to five players aged five and up collect them eagerly. But beware: the more blossoms, the more spines the cactus has. The player whose turn it is decides how to pick up the card. Then grab it quickly, hold the card between two fingers and turn it over. Did you grab the spines? Ouch! The card falls onto the discard pile. Did everything go well? Then the card is placed in front of you. Whoever has the most magnificent collection of flowers in front of them at the end of the game wins this spiky card game. The desert animals Snake and Fennek bring funny additional effects. Caution. Not suitable for children under 36 months.

- Number of players: 2-5
- Game duration: 15 minutes
