Product Description

Aim high! Who can build the highest ladder and reach for the moon? The rules are quickly explained and you can immediately start putting the ladders together. The dice determines how the next ladder has to be attached to the ladder tower in a creative way. The 1-6 players in this game of skill need a little luck, imagination and a steady hand. But if you dare to go too high, you risk dropping something while you are attaching it. Then you get a raindrop. The player who collects the fewest raindrops by the end of the game wins this exciting game. A cool game of skill with lots of fun for the whole family.

Caution! Not suitable for children under 36 months.
