Product Description

Whether with friends at a party, in the park, during a train journey or even on holiday - Piggy is the hilarious game fun for on the road or at home and always good for a laugh! The players roll the dice with the two little pigs. Depending on how the pigs remain after the roll - on their sides, on their legs, on their backs, in various combinations - points are awarded, and the more rarely a position occurs, the more points are awarded. This continues until the first player has reached 100 points.

A classic that no game collection should be without. For 2 or more players from 7 years. Piggy contains a case with two pigs, a scoring pad with illustrations of the different positions, two pencils and detailed game rules including illustrations of the different positions.

Caution. Not suitable for children under 36 months.
