Product Description

The popular Catan expansion. Robber barbarians threaten the cities. Can the mighty knights free the land from the plague? Can only be played in combination with the basic game. Combination with "Seafarers" and "Cities & Knights" is possible.

No Catanian will ever claim that life is boring. How could it be, when there are always new adventures waiting beyond the horizon. No sooner do you get close to the coast than dark plumes of smoke rise. Once again, the predatory barbarians have descended upon the coastal towns. Where are the brave knights who stand up to the wild hordes? In the north, on the other hand, they are building: A seat for the rulers - the Council of Catan. Marble, glass, sand and tools are needed and you are the leader of a wagon train. In the south, caravans travel through the desert - nomads exchange their valuable wool for trade goods. Do you steer your caravan to your advantage or dry up in the desert? But that's not all - there is much more to experience on Catan! Make your fortune on adventurous paths. Great wealth or bitter poverty - Catan brings it to light!
