from **189,35 EUR**

Item no.: 366649
 shipping weight: 11.50 kg
 Manufacturer: Pegasus Spiele

Product Description

Darkness spreads over Montreal. Since the Second Inquisition, the city has been divided between the vampires of the Camarilla and the Anarchs. But ghastly things are happening in Prince Hilkers' court: vampires are disappearing, vampire hunters are active again and strange black shadows have been sighted in the sewers. It is up to the players to save the Montreal of the night from disaster ...

In Vampire: The Masquerade - CHAPTERS, the players slip into the roles of vampires of the Camarilla. They can choose between eight characters from different vampire clans and with individual background stories. Together they dive deep into the darkness of the city, explore it and discover its secrets. In over 50 scenarios, they must face countless dangers, uncover conspiracies and fight battles. All their decisions have an impact on the following chapters.

Vampires: The Masquerade - CHAPTERS is a mix of (narrative) role-playing game and board game. As such, it combines narrative elements with game boards, miniatures, combat mechanics and over 600 cards to create an immersive gaming experience.

The four expansions each contain an additional character from a further clan as well as new NPCs, two game plans and two additional chapters that are unlocked in the course of the campaign of the basic game.
