Product Description

Do you want your potions to be even better and solve all possible problems? Become the ultimate quack surgeon by brewing potions from these beautiful, colourful ingredients. Tokens will provide you with tons of fun during the game. Furthermore, we used some of our secret potions to make them indestructible!

The huge token set for The Quack of Quedlinburg and expansions (The Alchemist + The Herb Witches) - contains 445 pcs of ingredient tokens!

Ultra-durable tokens, made of 2mm plexiglass. Printed in UV technology with a translucent effect. Tokens have the same dimensions as cardboard ones. They also fit in our insert. Our acrylic tokens grant a much more immersive experience in your favourite board games. Make your components indestructible!

Attention! Not for children under the age of 36 months.
