Product Description

Are you ready to grow your trees even more beautiful, lush, and look almost real? It is possible with our Plexiglas trees, printed in UV technology with extra varnish. You can be sure that this forest will live for a very long time - even forever!

Ultra-durable tokens, made of 3mm plexiglass. Printed in UV technology with a translucent effect. Tokens have the same dimensions as cardboard ones. They also fit in our insert. Our acrylic tokens grant a much more immersive experience in your favourite board games. Make your components indestructible!

This set is not an official product.

Attention! Not for children under the age of 36 months.

Set of Photosynthesis Trees (56 pcs):

- 32 Small Trees (8 of each variety)
- 16 Medium Trees (4 of each variety)
- 8 Large Trees (2 of each variety)
