Product Description

The UV printed insert for the Living Forest + Kodama expansion is an indispensable accessory to organise the game and enhance the playing experience.

Thanks to our insert, you can arrange all the game components and sleeved cards to keep them in order - no more clutter on the table while playing. You no longer have to search for the elements you need during the game.

And when the box is closed, the components are still in order and can be used for a new game faster than ever before!

The insert is durable and made of high-quality HDF. Printed in UV technology - The prints are durable and resistant to external influences.

No glue is required for assembly. It allows all components to stay in the box even when stored sideways! Everything fits into the basic game box. The lid of the game box is not lifted.

Officially licensed product. Graphics by Ludonaute. The game is not included.

Caution! Not suitable for children under 36 months.
