Product Description

Avatar Legends - The Role-Playing Game takes players into the popular world of the series "Avatar - The Lord of the Elements" and "The Legend of Korra" - where they become the heroines of their own stories! Together they spin legends about their journeys, where they can find themselves and experience moments of thrilling action ... and they should definitely go for a round of penguin sledging!

In this role-playing game, players can tangle with the Triad of Triple Jeopardy in Republica, travel through a spirit portal to find a missing child, negotiate peace between outlaws of the Earth Kingdom and the Council of Sages, chase villains and mysteries throughout the Four Nations, and even learn a lesson or two from popular characters of the Avatar universe.

This basic rulebook contains everything needed to play Avatar Legends - The Roleplaying Game, including:

- An introduction to roleplaying
- All the rules of the game (based on the popular Powered by the Apocalypse rules system) including tips for running the game and helpful examples for game management and end-of-game play
- Five playable eras (Kyoshi, Roku, Hundred Years War, Aang, Korra)
- A coloured map of the Four Nations in prefix and postscript
- Ten rolebooks - archetypes from which characters can be created
- One adventure ready to play (Vanished without trace - playable in all eras!) and numerous adventure hooks for all five eras
