Product Description

Make it tasty at home - the fun way! In this board game for the whole family, two to four players can cultivate their own little garden. After three rounds or gardening years, the score is calculated: Who has harvested the most and used the space in their garden most skilfully? Who had the seasons and pests under control? And who even has chicken friends who score extra points? This game turns real gardening knowledge into home-farming fun for the whole family! Because the playing cards not only provide helpful information for the game, but also for cultivation in the real garden. Based on an idea by bestselling author Judith Rakers, who runs a small farm herself, and game author Michael Kallauch, the scoring system pro. And now: Make it tasty at home! Important information Caution: Not suitable for children under 36 months.- Number of players: For 2 to 4 players aged 8 and over- Playing time: 50 minutes
