Product Description

How is it possible that a young man had to spend a month in prison because he had his grandmother with him? How did icy cold weather cause a man to end up behind bars? And why did a burglar himself lead the police to his prey? These 50 pitch-black mysteries will make your blood run cold, because they are macabre and almost unbelievable criminal cases that really happened, for real. Whether it's a hammer murderer, a corpse in a freezer or soap made from human remains: everything really happened - somewhere in the world at some point, as absurd as it may sound. These real-life criminal cases are definitely not for the faint-hearted. Only by asking questions, guessing and puzzling can you get to the bottom of deep human abysses and heinous atrocities. How to play: The card set contains 50 tricky, pitch-black puzzle cards for teenagers and adults, which have to be solved by asking clever questions. It's most fun to crack black stories together with friends. One person, the master, takes a card from the pile and reads out the short story on the front of the card. On the back of the card is the answer, which the master naturally keeps to themselves. Now the guessers have to "ask" themselves the answer to the story. The questions should be formulated in such a way that they can be answered with "yes" or "no". Spooky and fun guessing fun for small and large groups - can also be played digitally. new riddle pro game variant: Three riddle cards are solved per game. Only the game master knows the solution and the guessing team approaches it step by step by asking questions, guessing and puzzling ... as usual! But watch out: Particularly clever questions that lead to a hot clue are rewarded with point chips. Whoever has collected the most point chips at the end of the game wins!- Number of people: For 2+ players aged 12+- Playing time: 15 minutes
