Product Description

50 creepy mysteries 50 black stories, 31 crimes, 49 dead bodies, 11 murderers, 12 suicides and a deadly meal. How could all this happen? black stories are tricky, morbid, sinister riddle stories. Solve the riddles! Reconstruct the particulars of each incident, piece by piece, by asking questions, guessing, or puzzling over the evidence - on your own or with friends. It's a spinechilling but fun guessing game that no party should be without - and one that will no doubt soon have you under its spell. How to play: The card set contains 50 tricky, pitch-black puzzle cards for teens and adults to solve by asking clever questions. The most fun is to solve black stories together with friends. One person, the master, takes a card from the deck and reads the short story on the front of the card. On the back of the card is the answer, which the master of course keeps for themselves. Now the guessers must "ask" for the answer to the story. The questions should be formulated in such a way that they can be answered with "yes" or "no". A spooky and fun guessing game for small and large groups - also suitable for digital play. New variation: Three cards are solved per game. Only the game leader knows the solution and the guessing team comes close to solving it step by step by asking questions, guessing and puzzling ... as usual! But watch out: Particularly clever questions that lead to a hot trail are rewarded with point chips. Whoever has collected the most point chips at the end of the game wins! - Personenzahl: Für 2+ Spielende ab 12 Jahren - Spieldauer: 15 Minuten
