Product Description

DESCRIPTIONThe analogue phrase threshing machine is a surprising and amusing formulation aid for every situation in life and at the same time living proof of the enormous phrase potential of the German language. It has three double-sided rotating discs for conservative and progressive statements, and you can write down your own words in the spaces in between. It fits like an envelope in any inside pocket and can also be used discreetly under the lectern. Not just for demagogues, chief speakers and spin doctors.
