Product Description

A quiet year - Softcover, 72 pages (DE Edition)

After a long war you have finally fought back the jackals. You have a quiet year of peace left to recover. Here and today you have the chance to build something together.

A quiet year is a storytelling game about a group of people trying to rebuild after the collapse of civilization. At the same time you also play the world, which puts obstacles in the way of your community and holds new discoveries in store. You draw all of this on a map in the course of the game. To play you need a card game (French), a sheet of paper for your map, pens and erasers, an index card for your resources, six six-sided dice for community projects and about 20 markers (for example pebbles).

Part of Dungeon World.
