Product Description

The Shadow of the Demon Lord: Rule book - Hardcover, 350 pages (DE Edition)

The demon lord wears many masks. He is the willed one, the destroyer of worlds, the hungry one, the eerie one, the whisperer, the shadow in the void, the dark between the stars and the ineffable one. His will alone extinguishes stars and his shadow makes realities end.

The Shadow of the Demon Lord is a role-playing game set in the last days of a fantasy world. Reality is torn to pieces by the dissolution of time and space, weakening iron laws of nature that control what is possible and what is not. As a result of all this decomposition, threats from beyond the universe invade the world. Depraved demons, spawned in the endless void, lust for the absolute annihilation of all things. Where they invade the lands of mortals unhindered, they bring death and ruin.

But as dire as the situation is, all is not lost. Extraordinary women and men are offered the opportunity to delay or perhaps even avert the impending doom. They have taken the most diverse paths in life, are hardened mercenaries, power-hungry sorcerers and priests of inscrutable gods. They are those who live in the bowels of the world and the slums of the cities. They rise from the fighting pits, step out of the academies and break from farms and fields that feed the great cities. In this hour of greatest need, when the world is on the brink, they come together to be heroes, protectors and perhaps even saviors.
