### Product Description

F-16 Falcon 50th Anniversary Item number 03802 Recommended age: 13 Scale: 1:32 Parts: 150 Celebrate 50 years of the F-16 Falcon with this Level 5 model kit The 50th Anniversary F-16 Falcon model kit represents half a century of aviation history at a stunning 1:32 scale. With a total of 150 parts, this kit offers a challenging and rewarding experience for modelling enthusiasts aged 13 and over. Spanning a length of 453 mm, a height of 159 mm and a wingspan of 295 mm, this detailed kit is an imposing model that captures the power and elegance of the F-16 Falcon in every detail. Included: -150 precision-engineered parts -Detailed cockpit including instrument panel -Modulated landing gear (can be retracted or extended) -Realistic ejection seat -Authentic surface details -Exclusive anniversary decal elements Special features: -Celebrate the 50th anniversary of the F-16 with this unique model kit. -Experience authentic surface details that emphasise the realistic design of the jet. -Enjoy the option to model the landing gear to your liking. Immerse yourself in the depth of detail of the cockpit and ejection seat. This Level 5 model kit is ideal for experienced modellers who want to challenge their skills and knowledge with a complex project. It requires in-depth modelling knowledge and skills, including gluing and painting. Background information: The F-16 Falcon, a single-engine, high-performance aircraft, is known for its superior manoeuvrability, electric pulse control (fly by wire) and powerful engine. Its aerodynamic design enables a top speed of Mach 2.2 at an altitude of 11,000 metres. Celebrate the legacy of this remarkable aircraft, which made its maiden flight in February 1974, with this exclusive model kit.
