### Product Description

Product description Gift set 50 years of the Porsche 911 G-Model: High-quality model kit Celebrate the heritage of the Porsche 911 G-Model with this exquisite model kit of the 911 Carrera 3.2 Cabriolet. This kit honours the unforgettable G-model series that has thrilled car enthusiasts worldwide since the 1974 model year. With highly detailed parts and a realistic design, this kit offers an authentic building experience. Special features such as the multi-part six-cylinder engine and the option of building the model as a left or right-hand drive make this kit a unique experience for any modelling enthusiast. Scope of delivery- Plastic model kit (not assembled)- Illustrated, multilingual building instructions- Decals- Base colours (Revell Aqua Color)- Adhesive (Revell Contacta Professional Mini)- Paintbrush Special features- Can be built as left or right-hand drive- Multi-part six-cylinder engine for detailed reproduction- Decals with various number plates (D, A, CH, F, B, NL, GB, I, DK)- Contains basic colours, glue and brushes for an immediate building experience Background information The Porsche 911, especially the G-model, is often regarded as the most beautiful 911 in the history of the legendary sports car. First introduced in 1974, the G-Model is characterised by its distinctive bumpers and striking silhouette. This Cabriolet model, the 911 Carrera 3.2, represents the pinnacle of this era and offers a perfect combination of classic design and modern technology. This model kit is a tribute to this iconic vehicle and offers collectors and modellers the opportunity to own and build a piece of automotive history.
