Product Description

Sift through the evidence and use it to back up your plea, or bluff your way to victory in front of the world in the biggest trial in history. In Tribunal 1920 by Grégory Grard, 2 players aged 8 and up take on the roles of imaginative but not always morally impeccable lawyers from the top law firms in New York City. You have to negotiate skilfully, accurately assess the timing of the right evidence and skilfully convince your opponent in the courtroom. It's up to you to win a total of 3 hearings with fiery pleas and solid evidence (at best). Objection rejected! - for 2 players - ages 8+ - 20 min playing time
