Product Description

The K2 Black Panther is a third-generation main battle tank developed in South Korea in the 21st century. As the successor to the K1 tank, it is definitely one of the most modern tanks in the world. It combines firepower, mobility and advanced technology. Recently, tanks of this type have been part of the equipment of the Polish army. The miniature model made of COBI building blocks was designed in 1:72 scale and consists of 160 high-quality elements. When built, the tank is 13.5 cm long. Despite its compact size, the model retains all the important features of its historical role model! The turret of the tank is movable and can be rotated. The model is perfect for a good start to your adventure with COBI building blocks. The Korean K2 is also a very interesting modern tank model and a gadget for collectors. It takes up little space and easily finds its place on the desk at home, at work or on the bookshelf. If you are an advanced block builder, this model offers you very interesting elements. Express your passion through building blocks and build history block by block! - 160 high-quality elements, - manufactured in the EU by a company with over 20 years of tradition, - meet the safety standards for children's products, - fully compatible with other brands of clamping blocks, - blocks with imprints do not deform or fade during play or under the influence of temperature, - clear and intuitive instructions based on drawings and symbols, - model dimensions (L x H): 13.5 cm (5.3 in.) x 5.5 cm (2.2 in.) - Ages 6 and up
