Product Description

Cthulhu: Artefacts (Hardcover) What would Cthulhu be without artefacts? These objects that sometimes seem almost commonplace, but on other occasions turn your stomach upside down at the mere sight of them, writing their own chapter of Mythos magic? Who hasn't heard of the expeditions to the unexplored parts of the world that have sometimes brought amazing souvenirs to light? Or the multitude of mystical artefacts lying unrecognised in various collections? Or simply the mad witch next door who has been given a powerful gem by fate or her machinations? This book brings together over 200 artefacts "for domestic use". They come from previously published adventures and stories, there are historically documented objects that are now associated with the Cthulhu Mythos, as well as many completely new artefacts. These are not only man-made artefacts, but also creations of Mythos beings, such as the Mi-Go or the Great Race of Yith.
