Product Description

With "Stratego Lost Island", Jumbo is launching the long-awaited 4-player version of the challenging strategy game. For the first time, it is now possible to play Stratego with more than 2 players. This variant features a unique combat game system that has been created by expanding the classic Stratego mechanics. Up to four players fight for the coveted flag in the middle of a heavily overgrown island. The aim is to be the first to find the flag hidden on the island before it sinks into the sea for good. The first step is to explore the surroundings. With a bit of luck, you will find loot that can help you win battles. But beware of the hidden bombs, violent storms and, of course, your fellow players. Because in the end, only one player can win the battle in the middle of the ocean. - for 2-4 players- from 8 years- playing time 30 min
