### Product Description

The licensed Willys Jeep was released in a collection prepared for the 80th anniversary of D-Day and the Battle of Normandy and is marked with a special logo of the organisers of the official anniversary celebrations! The Allied landing in Normandy on 6 June 1944 was one of the most important events of the Second World War and had a major impact on its course! The world's most popular off-road vehicle from the Second World War was designed on a scale of 1:35 and consists of 130 elements. The medical version was intended for transporting medics and the wounded. Thanks to the possibility of mounting a stretcher on the back of the vehicle, it was possible to evacuate the seriously injured. The vehicle has high-quality printing based on historical markings. The set includes a figure of an American paramedic with a characteristic helmet, printed with a red cross. The set also includes a stretcher that can be attached to the car. The Jeep Willys MB is a legendary off-road vehicle that played a key role in the Second World War. It was manufactured by the American company Willys-Overland Motors and was part of a military programme to provide vehicles for the US Army and its allies. Willys MB was characterised by its simple design, solidity and reliability in difficult field conditions. Its compact size, robustness and ability to cope with difficult terrain made it a legend in automotive history. After the war, the popularity of the Jeep Willys MB contributed to the development of the Jeep brand and served as inspiration for later models of off-road vehicles. Today, the Jeep Willys MB is treasured by collectors and enthusiasts of military items and classic cars. - 130 high-quality elements- one figure representing an American paramedic- product under original JEEP licence- manufactured in the EU by a company with over 20 years of tradition- meets the safety standards for children's products,- fully compatible with clamp building blocks from other brands- building blocks with imprints do not deform or fade during play or when exposed to temperature- scale 1:35- 1 figure- Model dimensions (L x W x H): 10.5 cm (4.13 in.) x 5 cm (1.97 in.)- Ages 6+
