### Product Description

Bring Scandinavian flair into your home. The classic Finnish hut originates from its namesake country, Finland. Also known as a Finnish house, Finland house or roof-only house, this building can be recognised by its standard pitched roof, which reaches down to the ground. With its 160 components, the teifoc Finnish hut is a wonderful project gift for children aged 8 and over and adults who enjoy building. The 5230 stone building set belongs to the "Master Builder" product group and is recommended for advanced users with the "Expert" level of difficulty. Stone building set beginners in this age group should be supported by their parents, as it is twice as much fun together. It also encourages a sense of "we" in the children, allows them to build a creative community and strengthens their social skills. Incl. tools & illustrated building instructions A miniature brick trowel and a mortar bowl ensure a real building experience. The base plate is also included. Illustrated building instructions ensure uncomplicated building fun. Natural materials The special mortar mixture made from sand and corn extract is water-soluble and harmless to health. Stains on clothing or furniture are also no problem. The bricks made from real clay are fired in our firing chamber at up to 1000 °C, just like the original. Durable and expandable The components dissolve again when immersed in water. Our bricks can therefore be reused indefinitely for new buildings and the mortar can be reordered individually. Educationally valuable toy Teach your child about materials in house building through play. Encourage fine motor skills, spatial thinking and creativity. The teifoc brand stands for educational toys with added value and is suitable for use in Montessori education. - Recommended playing age: 8+ - 160 components - Dimensions: 230x165x235mm - Includes mortar bowl, trowel and water-soluble mortar as well as illustrated step-by-step building instructions - Trains fine motor skills, spatial thinking and creativity - Made in Germany
