Product Description

Build a miniature church out of real bricks. Children learn the basics of architecture and building techniques as well as the importance of spirituality in a playful way. With 70 building blocks, the holy site is suitable for all hobby builders aged 6 and over, ideally with the loving support of an adult. It not only trains fine motor skills, but also strengthens a sense of community and social skills. Includes tools & illustrated building instructions. A miniature bricklayer's trowel and a mortar bowl ensure a real building experience. The base plate is also included. Illustrated building instructions ensure uncomplicated building fun. Natural materials. The special mortar mixture made from sand and corn extract is water-soluble and harmless to health. Stains on clothing or furniture are also no problem. The bricks made from real clay are fired in our firing chamber at up to 1000 °C, just like the original. Durable and expandable. The components dissolve again when immersed in water. Our bricks can therefore be reused indefinitely for new buildings and the mortar can be reordered individually. Educational toy. Teach your child about building materials through play. Encourage fine motor skills, spatial thinking and creativity. The teifoc brand stands for educational toys with educational added value and is suitable for use in Montessori education. - 70 clay components - Dimensions: 120x85x160mm - Incl. mortar bowl, trowel, base plate and water-soluble mortar as well as illustrated step-by-step building instructions - Trains fine motor skills, spatial thinking and creativity - Sustainable materials made in Germany
