Product Description

Build a brand new miniature shop from a cute food box with fun and innovation.- Age: 14+- Material: plywood, paper, resin parts- Assembly time: 1.5 hours- Assembly size: 183 x 116 x 155 mm- Parts: 73This new house is in the shape of a strawberry milk box. The pink colour and the strawberry elements make it look very cute. After 1.5 hours of assembly, it can serve as a pretty decoration and be used for role play.The rabbit opens a milk shop. However, there are many milk shops in the town that compete with each other. The shop next door, opened by the cow's family, is so popular that few people go to her shop. Just before the shop closes, she has a good idea. She wants to make milk with a new flavour, as all the milk sold is pure milk. She then chooses her favourite strawberries to mix with milk. The sweet and fresh strawberry milk becomes very popular and many customers like the new flavour. Since then, the rabbit has more and more regular customers.
