Product Description

Buggy for speed junkies! Action is the order of the day with the 1:10 FE Speed Warrior from CARSON! The buggy is the perfect off-road machine for RC beginners: fully assembled, cool paint job and 100 percent fully equipped. Thanks to full suspension, differential gear and a powerful electric motor that accelerates the buggy up to 30 km/h, the Speed Warrior can do just about anything off-road. The pre-glued high-grip off-road tyres with independent wheel suspension provide the necessary grip, and the extra-wide front bumper protects the axles during off-road action. The equipment includes a 2.4 GHz remote control system with batteries and a powerful LiON drive battery (up to 25 minutes driving time) with charger. Ready for action? Then all you need to do is charge the battery and off you go!
