Product Description

36 memo cards with sexy and naughty pictures ... Pin-ups were born in the roaring twenties and haven't aged a bit and are still very popular!

Rules of the game: All cards are placed face down. Each player turns over two cards so that the figures are visible to all. If two cards turned over have the same number, the player takes them and can turn over two more cards and so on. If the cards are not identical, they have to be put back in place and we move on to the next player. Whoever has the most pairs at the end of the game wins the game. Therefore, it is important to keep track of the game to remember the position of the cards that have already been revealed.
