Product Description

Insert - For Roll Player and Expansions: Monsters & Minions, Fiends & Familiars

Compatible with Roll Player and the expansions Monsters & Minions and Fiends & Familiars. The insert works both with the retail and big box variants.

The design provides both efficient storage and improved game play. Many of the trays can be utilised during the game, and they greatly aid set-up and clear-away times. The standard game dice are stored in the dice bag as shown. The insert is arranged in either in two separate layouts (retail box plus one expansion box) or alternatively all together in the Big Box variant.

The trays in the middle of the box are arranged in two layers, with the monster card and XP cube trays on the bottom layer. The insert trays store all the game components and non-standard dice. The card trays have space for all cards to be sleeved with quality sleeves.

If you own the Big Box variant of the game, the two sets of trays shown above are simply placed one on top of the other. The remaining trays are placed in the bottom of the Big Box as shown, again with the dice bag in the bottom right corner.

The trays work equally well with the metal coins and the monster cards, which can be sleeved. There is also space for the six cards from the lockup pack. You can add the minotaur and frogkin player boards too, but you will have 1-2 mm of lid lift, which is hardly noticeable with this kind of box. The tokens from these additional boards fit fine in the relevant token trays.

When packing the box, the last thing to add are the three rule books. These go either in the expansion box, or on top of all the trays in the Big Box. Once fully loaded all three box types are filled to the top, allowing for vertical storage.

Attention! Not suitable for children under 36 months.

Note: Insert is designed for games with external box dimensions of 31.8 x 22.7 x 5.0 cm for the expansion box, and 31.8 x 22.7 x 7.3 cm for the retail box. Or alternatively the big box variant with dimensions 31.8 x 22.7 x 12.2 cm.

This product consists of a flat-pack of 5 Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.

Attention: The game must be purchased additionally. The content of the trays on the pictures is not included!

- Gross weight: 600 g
- Packaging dimensions: 25.5 x 35.5 x 2.9 cm
- Material: Evacore sheets
