shipping weight: 0.60 kg
Manufacturer: Folded Space

Product Description

Note: Insert designed for game with external box dimensions of 29.7 x 29.7 x 7.3 cm. Insert compatible with Ierusalem: Anno Domini. The design provides both efficient storage and improved game play. Many of the trays can be utilised during the game, and they greatly aid set-up and clear-away times. The trays are arranged in up to two layers, with card deck trays arranged around the edge of the box. The insert includes trays for storing and organising all of the game components. There is space for all cards to be sleeved with quality sleeves. Each player receives their own player tray colour matched to the player pieces. Each player receives their own player tray colour matched to the player pieces. Every tray includes images from the rulebook or game cards and boards. The images greatly improve the look of the trays, but also help in game clear up as you can instantly see what goes where. When packing the box first place the player boards in a stack on top of the lowest level of trays. Next add the main board followed by the rule book. This fully fills the box and allows for vertical storage of the game. Note that there is room for just a single language rule book if you want to avoid lid lift. FS-IRSLM is an officially licensed product made in partnership with Devir Games. All trademarks and copyrights remain the property of their respective owners. This product consists of a flat-pack of 5 Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.
