

Item no.: 371049

Insert: Nidavellir

from **15,39 EUR**

Item no.: 371049
shipping weight: 0.40 kg
Manufacturer: Folded Space

Product Description

Note: This product is designed for a box size of 24.9 x 24.9 x 7.7 cm. Official, full-colour insert, compatible with Nidavellir®, with space for the Thingvellir® and Idavoll® expansions. The design offers both efficient storage and an enhanced gaming experience. Many of the trays can be used during the game, making it much easier to set up and put away. The rules serve as a lid on the trays. The trays are arranged in up to two layers. There is only one area of the box that is arranged in two layers. There is room for all the cards that can be placed in sleeves. The gold coin tray has three slots: for the 0-5 coins, for the 5-14 coins and for the 15-25 coins. Each tray contains pictures from the rulebook or from playing cards and boards. The pictures greatly enhance the look of the trays, but also help to tidy up the game as you can immediately see what belongs where. As mentioned above, the insert includes a support tray for the royal treasure coin stand. This tray is sized to fit under the stand to make it more stable and sturdy. We recommend gluing the stand together and then sticking it onto the support tray. This makes it easy to use and place in the game box for storage. When packing the box, place the plastic card holders on the royal treasure first, followed by the kingdom card boards. Next, place the scoring blocks on top and then the tavern and camp signs. Finally, place the rulebooks on top of everything as shown. This will fill the box completely without having to lift the lid and the game can be stored vertically. FS-NDVLR is an officially licensed insert product produced in partnership with GRRRE Games®. All trademarks and copyrights remain the property of their respective owners, who are in no way affiliated or associated with Folded Space EOOD. This product consists of a flat pack of 3 Evacore sheets. The trays must be assembled quickly and easily using normal PVA glue. Detailed instructions are included in the package.
